**Report of the Director of the Division of Local Government Finance
Concerning the Proposed Issuance of
General Obligation Refunding Bonds, Series 2020
City of Tullahoma, Tennessee**

This report is being issued pursuant to T.C.A. § 9-21-903 and is based upon information as presented in a plan of refunding (the “Plan”) received by our office on June 5, 2020, from the City of Tullahoma (the “City”). Our report provides information to assist the governing body in its responsibility to understand the nature of the refunding transaction, including the costs, risks, and benefits, prior to approving the issuance of the refunding bonds and is designed to provide consistent and comparable information for all local governments in Tennessee.

This report does not constitute approval or disapproval of the Plan or a determination that a refunding is advantageous or necessary nor that any of the refunded obligations should be refinanced or remain outstanding until their respective dates of maturity. This report does not address compliance with federal tax regulations and is not to be relied upon for that purpose. The City should discuss these issues with bond counsel. This report and the City’s Plan must be presented to the governing body prior to the adoption of a refunding bond resolution.

Refunding Analysis

At the request of the Mayor, our office has reviewed the City’s Plan, as required by TCA § 9-21-903, and provides the following analysis based upon the assumptions outlined in the Plan:

The City intends to issue by competitive public sale approximately \$10,325,000 General Obligation Refunding Bonds, Series 2020 (the “Series 2020 Refunding Bonds”) priced at par to current refund:

- \$6,115,000 outstanding General Obligation Refunding Bonds, Series 2006, dated December 15, 2006, maturing April 1, 2021 through April 1, 2026 (“Series 2006 Bonds”); and
- \$3,950,000 outstanding General Obligation School Bonds, Series 2010, dated August 10, 2010, maturing October 1, 2020, through October 1, 2032 (“Series 2010 Bonds”).

The aforementioned bonds are collectively known hereinafter as the “Refunded Bonds”. The total amount being refunded is \$10,065,000.

- The City’s objective for refunding the Series 2006 Bonds and Series 2010 Bonds is to achieve debt service savings.
- Estimated net present value savings are \$1,143,272, or 11.36% of the refunded principal amount.
- Savings will be achieved by lowering the average coupon on the debt from a combined 3.82% on the Refunded Bonds to 1.16% on the Series 2020 Refunding Bonds.
- The final maturity of the Series 2020 Refunding Bonds does not extend beyond the final maturity of the Refunded Bonds.
- The proposed structure of the Series 2020 Refunding Bonds is not balloon indebtedness as defined in T.C.A. § 9-21-134 because at least 75% of the principal will be repaid in the first ten years and no more than 25% of the original principal will be repaid in any one year.
- Estimated costs of issuance are summarized below and are based upon the par amount of \$10,325,000 for the Series 2020 Refunding Bonds:

	Amount	Price per \$1,000 Bond
Estimated Underwriter's Discount	\$ 41,300	\$ 4.00
Financial Advisor (Stephens Inc.)	35,000	3.39
Bond Counsel	25,000	2.42
Rating Agencies	23,000	2.23
Miscellaneous	2,839	0.27
Total Cost of Issuance	\$ 127,139	\$ 12.31

Financial Professionals

The Plan was prepared by the City with the assistance of Stephens, Inc. Municipal advisors have a fiduciary responsibility to the City. Underwriters have no fiduciary responsibility to the City. They represent the interests of their firm and are not required to act in the City’s best interest without regard to their own or other interests.

The Municipal Securities Rulemaking Board (MSRB) establishes rules and notices that municipal advisors and underwriters must follow when engaging in municipal securities transactions and advising investors and local governments. To learn more about the obligations of the City’s underwriter and municipal advisor, please read the information posted on the MSRB website: www.msrb.org.

Plan Assumptions

The assumptions of the Plan are the assertions of the City. An evaluation of the preparation, support and underlying assumptions of the Plan has not been performed by our office. This report provides no assurances of the reasonableness of the underlying assumptions. The assumptions included in the City’s Plan may not reflect either current market conditions or market conditions

at the time of sale. The Series 2020 Refunding Bonds may be issued with a structure different from that of the Plan.

Debt Management Policy

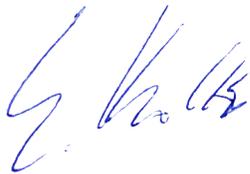

The City has adopted a debt management policy and has indicated in its Plan that the proposed refunding transaction complies with the City's policy.

Requirements After the Refunding Bonds Have Been Issued

We have included a listing of certain compliance requirements your local government will be responsible for once the bonds are issued. The listing is not all inclusive and you should work with your municipal advisor and bond counsel to ensure compliance with legal and regulatory requirements related to the proposed refunding.

Effective Date for this Report

This report is effective for a period of ninety (90) days from the date of the report. If the refunding transaction has not been priced during this ninety (90) day period, a new plan of refunding, with new analysis and estimates based on market conditions at that time, must be submitted to our office. We will then issue a report on the new plan for the City's governing body to review prior to adopting a new refunding bond authorizing resolution.
